We must be permitted to congratulate Col. Tew on the realization of his expectations, and we cannot admire 100 much the energy displayed by him in every undertaking since he located here, eighteen months ago. Acting under every disadvantage, nothing seemed to go wrong with him, for the simple reason, that he had the will to do. And now that he is permanently located, with every cadet under his eye and control at all times he can successfully carry out the principles and practices of a military school, where obedience to command is the first precept taught, and honor is the rule of conduct.

For one, we are glad that the school was established before the necessary buildings were erected, for thereby our citizens have had ample opportunity to form the acquaintance and study the character of the superintendent and the officers selected by him for his assistants; and we speak the universal sentiment when we say that they are intelligent, courteous and highly educated gentlemen, and we wish them that success which they so justly deserve.

Mr. Robertson states that the mistake doubtless occurred upon the South Carolina Road, by charging the barrel in question as dry, when it belonged to the classification of wet. He says : "Their charge from Charleston to Kingsville, on dry brrrels, crackers, &c., is sixty cents, while our charge for same barrels is thirty-five shed along the road to Jeddo, and the guards armed cents only. REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING JUNE 20TH, 1860.

TURPENTINE -Since our review of Wednesday last there has been a steady demand from both shippers and distillers, and the market has ruled without change in price. The receipts for the week ended this morning have been quite light, and this has somewhat tended to strengthen the market, so that no difficulty is experienced in obtaining former iotations: \$2 80 for virgin, \$2 60 for yellow dip, and \$1 60 for hard, per bbl. of 280 lbs. We quote sales of 4,215 bbls.

New Virgin. Yel. Dip. Hard. Thursday,....1,042....... 2 80.......... 2 60....... 1 60 751...... 2 80 2 60 1 60 Saturday ...

20 " " 40½ Tuesday.... Do.... Wednesday, 100 " " 38 ROSIN .- Since our review of this day week the market has ruled quiet at unchanged rates, except for Common, which

shows a slight advance. So far this season the arrivals of strictly Pale Rosin have been exceedingly small, nearly all having a brownish cast, and in consequence prices have not ruled so high;—for prime while there is some enquiry, and sales are quick at \$4, but to obtain this price it must be of the quality stated. In Pale the transactions for the week foot up only about 650 bbls. at \$2, \$2 50, \$3, \$3 25 to \$4 per bbl. of 280 lbs., according to quality. For Nos. 1 and 2 the market has ruled quiet, and we report sales of only 225 bbls. No. 1 at \$1 25 to \$1 75 per 280 lbs.; and 1,470 bbls. No. 2 at \$1 17\frac{1}{2} per 310 lbs. In the Common article we have to report a better feeling since our last, and the market rules firmer. On Thursday last there was considerable activity in the market, and the transactions on that day were heavy at \$1 15 per 310 lbs. Since then buyers have offered this figure for other lots, but sellers generally are holding higher. We quote sales for the week of 11,240 bbls., as follows: Thorsday,....10,000 bbls. at \$1 15 per 310 lbs.

Friday,...... 1,000 " " 1 15 " " " Monday,...... 240 " " 1 11 " " " afloat.

The above sale at \$1 11 was for a lot afloat, and free of exceedingly light, and the sales comprise only 294 bbls. at \$1 80 per bbl.

BEEF CATTLE AND SHEEP.—The arrivals of beeves have been light for some time past, and the market continues to be poorly supplied. The demand for butchering purposes, however, is not so brisk, except for prime quality, which finds ready sale at fair quotations. We quote grass fatted at prices ranging from 5 to 6½ cents per lb., according to quality, delivered here. For sheep there is a fair demand, and store, at the very lowest market price, by June 19.

Harness, Trunk, Saddlery, Deather and On Establishment of Mo. 5 Market st., near the wharf.

Some time past, and the market continues to be poorly supplied. The demand for butchering purposes, which is not so brisk, except for prime quality, which finds ready sale at fair quotations. We quote grass fatted at prices ranging from 5 to 6½ cents per lb., according to landing from Schr. Volant, and for sale from wharf and store, at the very lowest market price, by June 19.

G. C. & W. J. MUNRO. and in the absence of receipts worthy of report the supply has become nearly exhausted. We quote at \$1.50 to \$2.25.

BARRELS—For empty Spirits Turpentine barrels the market rules without material change. There is a very good stock of inferior second hand ones, which are dull and unsaleable except at very low figures, whilst there is only a small supply of prime quality remaining in first hands. The sales for the week have been confined to a few parcels of second hand ones at \$1 25 to \$1 40 for lots as they run, and \$1 80 to \$1 85 for selected—cash and time. Small sales also of New York make at \$2 05 a \$2 10 for second hand and

COTTON—In the absence of stock no transactions have taken place in this article. The finer grades would meet with ready sale, but there is none on market. Quotations in table are merely nominal.

COFFEE—We have nothing new to report in this article. There is a moderate supply of most descriptions in dealers hands, and the market rules steady at former rates; there

There is a moderate supply of most descriptions in dealers hands, and the market rules steady at former rates; there

There is a moderate supply of most descriptions in dealers hands, and the market rules steady at former rates; there

is, however, only a retail demand, and we refer to our table FIRH-There is a moderate stock of Herring on market, and we notice only a light demand. A lot of 100 bbls. was received on Monday, and sold at \$3 per bbl. For other decriptions we refer to our table for store rates.

FEATHERS—Continue to be brought in sparingly, and the market is poorly supplied. We quote at 45 to 50 cents per b., as in quality. FLOUR-Since our review of Wednesday last the market has ruled quiet for State brands, and we have no change of importance to report as regards prices. There has been some enquiry for retailing purposes during the week, but owing to the fact that sellers generally are holding at higher figures, the transactions have been meagre, and comprise only two or three small lots at \$6 75 for superfine and \$7 per bbl. for family—the market closing quiet but firm at these prices, with a moderate stock in first hands. Guano—Is in moderate supply, and we notice a fair amount of business doing at the following quotations: Peruvian \$60; Reese's Manipulated \$52; American \$40: Som-

brero \$35; Superphosphate of Lime \$50, and Land Plaster \$10 per ton of 2,000 lbs. GRAIN-The duliness which pervaded the Conn market at the time of closing our review on Wednesday last, has continued throughout the week just ended, and prices have a declining tendency. At present the market is overstocked, and in consequence dealers show but little disposition to operate. The receipts comprise about 12,518 bushels, of which 8,056 came to dealers, and is going into store, and the balance sold as follows: 1,350 bushels (damaged) at 60 cents, 1,700 do. at 72 cents, and 1,412 do. at 724 cents per bushel ;-the market closing dull and inactive at latter quotation, and for other cargoes expected a decline will have to be submitted to. OATS For this article there is merely a retail demand, and we notice a fair stock on market. A lot of 1,000 bushels was received from New York a day or two since by a dealer, which has gone into store and 500 bushels received on Monday and sold at 47 cents per bushel .--- PEAS-We have nothing new to report in either description. The market is rather poorly supplied, and we notice an active demand existing. Last sale of Cour was at \$1 05 per bushel, and prime quality would sell readily at this price. BICE The market is moderately supplied with clean, and we notice only a light demand for retailing purposes. One or two small lots (about 50 casks)

received and gone into store, and selling at 44 a 44 cents per HAY-In the market for this article we notice a slight dullness during the week just ended, and prices are a shade lower. The receipts comprise 465 ba es Northern, of which 100 bales sold at \$1 25, 165 do. at \$1 173, 90 days, and the balance sold in lots at \$1 25 to \$1 35, as in quantity. Also 203 bales Eastern received on Monday, and sold from wharf at \$1 40 per 100 lbs., 90 days. There is a moderate supply of both descriptions on market, still a good article sell

readily at lowest figures. LIME-There have been no receipts here for some time past, in consequence of which the supply on market has become materially reduced; it is, however, fully sufficient for present wants. We quote from store at \$1 05 to \$1 10 for common lump, and \$1 35 to \$1 40 per cask for white, in lots as wanted. MOLASSES-There is a fair supply of Cuba in first hands

and only a light business doing; no receipts. We quote sales of former arriva's from wharf and store at 25 cents in lots of five hhds., 25 a 27 cents for single hhds., and 28 a 30 cents per gallon in barrels. POTATOES-The market is very well supplied with new Irish, and rules quiet. Sales from carts at \$1 per bushel. Provisions —We have no change of importance to report

in the Bacon market. The stock of N. C. cured has become somewhat reduced in the absence of arrivals worthy of note, still the quantity in dealers hands is fully adequate for present wants, as there is merely a retail demand. We quote only small transactions during the week at 111 cents 77,414 feet lumber. for sides and shoulders, 12 cents for hog round, and 13 cents ders, and 114 a 114 cents per lb. for sides. ____LARD. The sheeting, 10 do. yarn, 40 empty kegs, 40 do. bbls., 32 boxes market rules about the same as last reported. Only small mdze. I bale corks. parcels of N. C. make received, and we quote sales at 121 to 13 cents per ib. in bbls. and kegs.——Pork.—Northern E. Hall. is in moderate stock, and demand limited. See table for store prices, at which small sales have taken place.

SHINGLES —There has been a fair enquiry for shipping Schr. W purposes during the past week or two, and but few have & Martin. been brought to market. We quote Common at \$2 50, and Contract at \$4 to \$5 per M, according to quality. TIMBER-We have no material change to report in this article. The arrivals continue moderate, but are mostly of inferior quality, which is difficult of sale unless at very low prices; millers have a fair stock on hand, and are not disposed to purchase any except prime quality of shipping, which meets with ready sale at former quotations. Only a few rafts have changed hands during the week at prices ran-

ging from \$5 to \$8 per M., as in quality. in obtaining a cargo. We refer to our table for last prices paid to New York, Philadelphia and Boston.

CHARLESTON, June 18.—Semi-Weelly Report.—Cotton.—The market continues quiet, but firm. Universal Confidence and Patronage. FOR STATESMEN, JUDGES, CLERGYMEN, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20th, 1858.

GENTLEMEN: Your note of the 15th inst., has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreabilities increased with time, and about four months

was induced to try it. For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very respectfully, Very respectfully, BEN. A. LAVENDER. To O. J. Wood & Co., 444 Broadway, New York. My family are absent from the city, and I am no longer

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC of its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your · Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all!
Yours truly, WM. H. KENEDY.
P. S.—You can publish the above if you like. By publishing in our Southern papers you will get more patronage South. I see several of your certificates in the Mobile Mercury, a strong Southern paper.
